

Theme White/Dark

In order to incorporate DIP-O in the BazeField environment, the DIP-O style should be optimized, to look like BazeField default Dark/Light mode.

This document shows the style's differences between BazeField and DIP-O application (like the button, menu, navbar..., for both dark and white mode. [↗](#)

White Theme [↗](#)

The color palette : [↗](#)

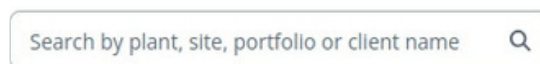

DIP-O : `#1F4E60` (button), `#F5F8FA` (menu and navbar background), `#D8E4EC` (head table)

BazeField : `#003450` (button/icon), `#F8F4F4` (body background), `#DDDDDD` (menu background), `#1F4E60` (navbar background)

Input Text

[↗](#) border-radius: DIP-O: 0.5em => BZ: 4px

- border-color: DIP-O: `#9dadba` => BZ: `#B2B2B3`
- border-color : DIP-O: `#0068a1` => BZ: `#21A9DE` (hover)
